ANALYSIS

The C-1 (Limited Commercial) zone is intended to provide most retail shopping and personal services. This district should be located on the periphery of residential neighborhoods and should be confined to the intersections of primary and secondary thoroughfares along major retail corridors. The C-1 (Limited Commercial) District is consistent with the Service Commercial category of the General Plan. The location of the subject site meets all of the above

criteria, but the site itself is ill-suited to this zone, and would be more appropriately zoned for P-R (Professional Office and Parking). The site does not meet the 100-foot minimum lot width required for a rezoning to C-1 (Limited Commercial), and therefore a related Variance (VAR-17191) must be approved in order to permit this request. The proposed site plan further requires waivers of the perimeter landscape buffer widths on the east and west property lines in order to allow a 5-foot buffer where a 15-foot and an 8-foot buffer is required, respectively and additional Variances as it fails to meet the requirements for residential adjacency, front yard, and rear yard setbacks. Therefore, staff recommends denial of this request.

FINDINGS

In order to approve a Rezoning application, pursuant to Title 19.18.040, the Planning Commission or City Council must affirm the following:

1. “The proposal conforms to the General Plan.”

The proposed C-1 (Limited Commercial) zone is in conformance with SC (Service Commercial) General Plan designation.

2. “The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.”

The purpose of the C-1 (Limited Commercial) zoning district is to provide commercial land uses that are less intense in nature, and may be appropriate for mixed-use developments. As the property is proposed to front Decatur Boulevard, a 100-foot Primary Arterial, the subject site will be compatible with development along Decatur Boulevard. However, the property still abuts residential uses on Mountain View Drive, and requires a Variance for residential adjacency for the trash enclosure and setback. Therefore this request is not compatible with surrounding land uses.

3. “Growth and development factors in the community indicate the need for or appropriateness of the rezoning.”

While the General Plan calls for the lot to ultimately be converted to commercial use, the size, shape and other constraints on the lot make it insufficient to support the proposed development appropriately.

4. “Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.”

Decatur Boulevard, a 100-foot Primary Arterial, is sufficient to meet the access needs of the proposed zoning district.
